

Lakeside Dermatology available Dermatologic Products

Specially formulated products which are recommended for individual patients use may be purchased during normal office hours.

1. They are available when you have your appointment.
2. If you need additional product at another time, it is best if you call the office during regular office hours so that we may have it available when you come in.

SKIN LIGHTNING CREAMS These highly effective creams are especially formulated to lighten discolorations of the skin. There are effective in localized areas of skin darkening.

FACIAL REJUVENATION CREAM This cream contains a derivative of vitamin A. Its properties include increase in skin elasticity, thickening of the collagen layer, and reversal of photo damage.

ANTI-PRURITIC LOTION This is an effective anti-itch lotion for the discomfort caused by minor skin irritations, poison ivy, insect bites, cuts and abrasions. It is also a soothing, calming lotion for dry, itchy skin. Anti Pruritic lotion does not contain steroids.

BETA HYDROXY ACNE CLEANSER Beta Hydroxy is a gentle cleanser and exfoliator especially effective for acne prone skin. It helps loosen crusts which form on blackheads.

COLOR CORRECTOR This makeup can help cover up facial blemishes. It can be used by all skin types, even for patients with sensitive skin. Color Corrector is cosmetically elegant and can be used in combination with many topical skin medications and with your regular makeup.

CUTEMOL Cutemol is an emollient skin cream that provides ultra-rich, long-lasting moisture to the skin. It helps treat dry, cracked hands and feet and dry, brittle nails and cuticles. Keep the small tube with you during the day to use after frequent hand washing. Have the larger jar for at-home use. Cutemol is the preferred moisturizer for severe dry skin.

ELA-MAX Ela-max is a topical anesthetic cream. It will penetrate into the top layers of the skin, causing localized decreased skin sensation. It is ideal for use before some superficial surgical procedures.

ELTA BLOCK This high SPF sun block is waterproof and sweat proof. It rubs in quickly and is light and non-greasy on the skin. Elta Block is great for more active individuals; when sweating, it will not run into your eyes and sting.

HIGH POTENCY BODY MOISTURIZER This high potency formula will rehydrate and soften severely dry skin. It is an excellent alternative to our Dry Skin Hand and Body Lotion for those patients who require a more aggressive moisturizing approach. It contains a unique combination of proven ingredients and is both non-irritating and non-comedogenic.

LIGHT TEXTURED MOISTURIZER This is a fragrance-free moisturizer for patients with all skin types. This very sheer, lightweight formulation is excellent under makeup.

NON-DRYING CLEANSING LOTION FOR SENSITIVE SKIN Non-Drying Cleansing Lotion is a greatly improved cetaphyl-type lotion that is specifically recommended for patients with dry and/or sensitive skin, certain skin disorders, or for skin irritated by some medications. It can be used as often as required, with or without water.

AHA OILY AND ACNE SOLUTION 8 This product contains an optimal combination of ingredients using the glycolic acid base to remove oils, fats and other lipids present in oily and acne prone skin. Concentration of Glycolic Acid: 8%

SALICYLIC ACID SHAMPOO This formula, containing 3% Salicylic Acid, is effective in treating seborrheic dermatitis, itching, scaling and psoriasis of the scalp.

T-SHAMPOO T-Shampoo is specially formulated with 3% Solution Coal Tar for common dandruff, dryness and itching of the scalp. The hair will be left soft and manageable. A conditioner may be used after rinsing, if desired.

ULTRA LIGHT HYDRATOR This unique, oil-free, fragrance-free moisturizer rehydrates the skin and is especially formulated for patients with oily skin and/or acne conditions. It is also for patients on Retin-A ® or Accutane®. When it is used with makeup, this moisturizer will allow makeup to go on smoothly.

WASH-OFF CLEANSING LOTION This unique formulation for normal to oily skin is an effective, gently drying, abundantly lathering cleansing lotion. It will defat the skin, dissolve waxy debris and emulsify oil and dirt.

20% GLYCOLIC ACID PADS These are partially neutralized pads for patient take-home use.
